

### Files:

1. austinEmployeeSalaries.json
2. walkData.html

### Solution:

For this PS, I have selected the city data for [Austin](#). When we load the page it has a button “GET EMPLOYEE INFO” which displays the answers for the questions in the PS.

1. How many city workers earn above \$200,000 total salary ie with overtime?  
13
2. How many police earn above \$200,000 with overtime?  
1
3. What is the total paid by the city to the police?  
177611643

### Output:
